MBA | POWER MANAGEMENT

Full time | Open to Engineering Graduates

PROSPECTUS | 2026 - 28

A photograph of Sh. Hemant Jain, Director General of NPTI, speaking at a podium. He is wearing a white shirt and a dark blue vest. The podium has a microphone and a small NPTI logo. The background is a plain wall.

Sh. Hemant Jain

Director General, NPTI

From The Desk Of Director General

It gives us great pleasure to welcome you to the National Power Training Institute (NPTI), the apex national institution dedicated to human resource development in the Power Sector. For over five decades, NPTI has rendered committed and distinguished service to the industry. We are delighted to extend a warm welcome to the new batch of the MBA in Power Management programme.

The MBA in Power Management is offered at our Faridabad Centre and provides specializations in Sustainability, Data Analytics & Data Science, and Cyber Security & Cloud Technologies. The curriculum is thoughtfully structured with an optimal balance of approximately 70% General Management and 30% Power Sector-specific and specialized subjects, ensuring both managerial depth and industry relevance.

This programme is designed to equip students with the skills and knowledge aligned with India's future manpower requirements and the evolving challenges of the Power Sector. The curriculum comprehensively covers both strategic and operational dimensions across the entire value chain of Power Sector organizations, including Renewable Energy, IT, Distribution Utilities, Solar, Wind, Thermal Power, Power Trading, and Financial Institutions.

Our students have consistently demonstrated outstanding performance, not only during campus placements but also while handling real-world professional responsibilities. The faculty actively engage students through interactive classroom sessions, case studies, seminars, field visits, and internships. A dedicated academic team ensures personalized attention and continuous guidance to support each student's academic and professional development.

Graduates of NPTI leave the institute with strong academic foundations, professional competence, and essential life skills, enabling them to exceed the expectations of prospective employers and contribute meaningfully to the Power Sector.

A photograph of Dr. S Selvam, a man with glasses and a mustache, wearing a dark suit, white shirt, and blue tie. He is sitting at a light-colored desk with his hands clasped in front of him. On the desk, there is a computer mouse and a smartphone. The background is a plain, light-colored wall.

Dr. S Selvam

Principal Director, NPTI

From The Desk Of Principal Director

It is our distinct pleasure to welcome young and vibrant aspirants to NPTI, the apex national organization dedicated to Human Resource Management (HRM) through training a considerable number of managers, engineers, and technicians for the government and private power sectors and allied companies. This is the 20th batch of the program.

The program is being conducted at the NPTI Corporate Office campus, which offers excellent infrastructure and facilities such as hostels, well-equipped classrooms, seminar halls, an auditorium, computer labs, and a library. NPTI has already established specializations in Sustainability, Data Analytics, Data Science, and Cyber Security.

Being a specialized MBA program in Power Management, senior professionals from the power sector are preferred for delivering lectures and interacting with students.

The conduct of classes by industry-oriented and skilled professionals makes students better prepared and job-ready. The curriculum is blended with industry visits, internships, case studies, and participation in special seminars and workshops organized by NPTI.

A dedicated support team ensures personalized mentoring and continuous guidance, enabling each MBA student to realize their full potential with enhanced knowledge and practical exposure.

ABOUT NPTI

This enterprising approach has shaped NPTI's history and solidified its reputation. NPTI's dedication to learning is evident in its achievements, which speak volumes. Graduates from NPTI have driven meaningful change not only in the power sector but also in society, ensuring that the institute is synonymous with quality and excellence.

The academic curriculum is designed to meet the evolving needs of the power industry, offering students contemporary knowledge. A balanced combination of learning methods is employed to ensure the holistic development of students. This includes the practical application of theoretical concepts through case studies, research, events, role plays, industrial visits, live projects and more.

NPTI, established by the Ministry of Power, Government of India, is the national apex body dedicated to power sector training. NPTI has trained over 4,70,000 professionals in diverse fields such as Power Regulations and Reforms, Energy Efficiency, Demand Side Management (DSM), Infrastructure Finance, Risk and Hazards, and Managerial Skills. NPTI has developed a unique identity over the years, characterized by a pioneering spirit. Rather than following conventional paths, it carves its own course, setting benchmarks rather than simply following them.

NPTI is committed to being the first to respond to the nation's needs, taking on bold and necessary initiatives that others in the power sector may hesitate to pursue.

About MBA Power Management

The program is specifically designed for both fresh and experienced power professionals, offering a unique opportunity to groom talented executives who are poised to take on key roles in the near future. Unlike typical MBA programs, this program places special emphasis on critical power sector issues such as sustainability, data analytics, data sciences, cyber security, and cloud. The curriculum and learning process are structured to equip students with the ability to apply management theories and concepts to real-world industry challenges.

The course is duly recognized by AICTE and is affiliated with J.C. Bose University of Science and Technology (YMCA), Faridabad. To impart essential knowledge and skills, the program incorporates a variety of learning methods including classroom lectures, seminars, case studies, group discussions, role plays, and summer projects at organizations within the power sector. Additionally, students are given the opportunity to visit power stations, transmission and distribution facilities, and manufacturing sites, providing them with a hands-on understanding and experience of the power sector's operations.

This postgraduate program is designed to cultivate future business leaders and decision-makers who possess both managerial and technical expertise. It encourages innovative thinking and develops sensitivity to the social and environmental aspects of the industry, enabling graduates to seek alternative solutions and drive the Indian power sector to operate more effectively and efficiently.

Reasons to choose NPTI's MBA in Power Management

Align your ambition in one of the most happening and evolving sector.

Career & Holistic Development

Embarking on our MBA in Power Management at NPTI is not just a step towards a dynamic career in the energy sector but a transformative journey for holistic development. Beyond imparting cutting-edge knowledge, we are dedicated to nurturing well-rounded professionals through personalized mentorship, leadership workshops, and a global perspective. Join us to not only excel in power management but to foster resilience and ethical leadership—the essential elements for a truly impactful career and a fulfilling life.

Being a student of MBA and being a part of power sector for the last 10+ years, I fully acknowledge the role of skills learned in NPTI. I work with EY. In the consulting domain, one has to be adept with problem solving, financial acumen, business perspectives and well versed with the sector regulatory and policy landscape. I feel grateful to kick start my consulting journey with an advanced level of sector-specific knowledge.

Mr. Vikas Kumar Singh | Batch of 2015
Vice President - EY LLP India

Careers in Energy

An MBA in Power Management, provides opportunities across global consulting firms, power and energy sector utilities, IT firms and international agencies.

- **Energy Consulting:** Work with industry leaders to boost profits while reducing both energy costs and carbon footprint.
- **Power Trading:** Develop your expertise to optimize energy portfolios, mitigate risk, and capitalize on market opportunities.
- **Renewable Energy Projects:** Develop and implement innovative renewable energy solutions to reduce carbon emissions and create a more sustainable world.
- **Energy Policy and Regulations:** Analyze and interpret complex energy policies and regulations to inform strategic decision-making and ensure compliance.
- **Power Distribution and Utilities:** Work on innovative technologies for efficient operation and maintenance of critical power infrastructure
- **Entrepreneurship in Energy:** Identify and capitalize on emerging opportunities in power sector to launch innovative energy businesses that contribute to a more sustainable future.
- **Smart Grid and Energy Analytics:** Harness the power of data to optimize grid operations with data-driven insights to accelerate the transition to a clean energy future

Envision your career goals with... National Power Training Institute

NPTI's MBA in Power Management degree program is a specialized program crafted to shape future leaders in the energy sector. With a legacy of more than 50 years of excellence, it uniquely blends technical expertise with managerial skills, offering hands-on training and industry-focused learning.

Students gain deep insights into renewable energy, power trading, and emerging technologies, guided by industry experts. Designed to meet the demands of a dynamic sector, this program equips graduates to drive innovation, sustainability, and growth in their careers.

Our Prominent Recruiters

At NPTI, we pride ourselves on bridging the gap between ambition and achievement. With a network of over 100+ prestigious recruiters, our students step into the professional world with confidence and a competitive edge. From leading power sector giants to cutting-edge renewable energy firms, our placement partners represent the best in the industry.

At NPTI, your career isn't just launched, it's powered for success.

Courses & Training Programs at NPTI

PM Surya Ghar: Muft Bijli Yojana

- Training more than 25000 DISCOM officials nationwide on solar PV installation to be imparted by all 11 NPTIs pan India.

Mission SAMARTH: Use of Biomass in Coal-based Thermal Power Plants

- Awareness programs to encourage farmers to use agriculture residue (biomass) in coal-based power plants to mitigate pollution.

Revamped Distribution Sector Scheme (RDSS)

- Five specialized training programs on AMI, Smart Metering, SCADA, IT/OT Technologies, and Data Analytics.
- Also includes programs for Junior DISCOM staff on Operational safety, Smart Metering, Communication, and Soft Skills.

Mandatory Foundation Programme

- For fresh IIT, NIT, etc. graduates joining CPSEs/Autonomous Bodies under the Ministry of Power.
- Provides a 360-degree overview of the power sector and fosters camaraderie across organizations like CEA, NTPC, NHPC, POWERGRID, BEE, REC, etc.

Cyber Security

- Certification courses as per CEA guidelines for power sector professionals

Induction Training

- Tailored induction programs for engineers/executives from various power sector organizations like APGCL, DVC, MSETCL, etc.

On-Job Training

- Hands-on training for real-world exposure in power sector operations.

Online Training Courses

- Programs on Smart Grids, Smart Metering, Cyber Security, etc.

Skill Development & ATAL Faculty Development Programs

- NSQF-aligned training and faculty development in emerging technologies like Blockchain, AI, and Data Analytics.

International Training:

- Courses for professionals from countries such as Afghanistan, Bangladesh, Belarus, Bhutan, Cambodia, Ethiopia, Iraq, Kenya, Libya, Malaysia, Mexico, Myanmar, Nepal, Nigeria, Oman, Philippines, South America, Sudan, Syria, UAE, Zimbabwe etc.

Specialized Facilities:

- Power Training Simulators: High-tech simulators for real-time Thermal, Hydro, and Gas Turbine Operations.
- Hot Line Training Centre: Live-line maintenance of transmission lines up to 400 KV.
- Advanced Industrial Training Demonstration Centre (AITDC): Showcases energy efficiency solutions for various industries.

Consultancy Services:

- NPTI provides consultancy for Draft Project Report (DPR) preparation, third-party inspection, human resource development, training needs analysis, and capacity building.

Publications:

- NPTI publishes books and manuals in power sector-related fields, contributing to knowledge dissemination.
- For more details, visit <https://npti.gov.in>

Glimpses of our other programs

Mid Career Training Program for IAS Officers at LBSNAA, Mussoorie

Mid-career training programs for Indian Administrative Service (IAS) officers are aimed at enhancing their leadership and managerial abilities, particularly as they transition to higher-level roles. The program focuses on equipping officers with practical tools and skills to improve public service delivery, implement innovative solutions and leverage technology effectively. Additionally, it emphasizes the importance of strong communication, interpersonal skills, and ethical governance. By learning from the experiences of various states, officers gain insights into efficient service delivery in specific sectors.

As part of these programs NPTI conducted the "ENERGY" module of one week duration in December 2022, as a part of the four-week mid-career Phase III training program. A wide range of topics covering generation, transmission and distribution sectors were presented to the participants. New and emerging technologies in the power sector were also introduced.

In May 2023, NPTI organized a Two Days module on "Energy" as part of the 17th Round of Phase IV, Mid-Career Training Program. In July 2023, a five days training workshop in the Energy Sector under Mid-Career Training Program (for IAS & other officers recently posted in the Energy Sector) has been organized.

Structure & Curriculum of MBA-PM

This two-year program is structured across four semesters, with a curriculum designed to offer a blend of general management and power sector-specific knowledge in a 70:30 ratio. In the first year, students study key functional areas of general management such as Human Resources, Operations, Finance & Accounting, Marketing, and Information Technology, alongside core subjects in the power sector. In the second year, the focus shifts to core courses, with students selecting electives in specialized areas such as Sustainability, Data Science and Data Analytics, Cyber Security, and Cloud. To enhance their industrial exposure, students undertake an 8-week internship or training program. In the final semester, they are also required to complete major projects aligned with current industry trends and scenarios.

First Year - (1st Semester)

- Management Principles and Organizational Behaviour
- Accounting for decision-making
- Managerial Economics and Energy Modelling
- Business Communication
- Business Environment
- Business Statistics and Analytics for decision making
- Electrical Industry Structure and Regulations
- Renewable Energy Management
- Value Education

First Year - (2nd Semester)

- Human Resource Management
- Entrepreneurship Development
- Corporate Finance
- Operations & Supply Chain Management
- Business Research Methods
- Marketing Management
- Tariff Determination & Financial Modelling of Power Projects
- Energy & Environment
- Smart Grid Management

Second Year - (3rd Semester)

Compulsory Subjects

- Strategic Management
- Business Laws
- Introduction to Sustainability, Data science and Cyber security in power sector
- Project Management
- Rural Energy Management
- Power Market Economics and Operations
- Energy Conservation and Energy Audit

Management Electives

(any of the following is compulsory to opt)

- E-Commerce
- Operations Research
- Digital and Social Media Marketing

Second Year - (4th Semester)

Sustainability Electives

- Energy Sustainability and Circular economy
- Energy Economic Modelling
- Power Environment Interface & Carbon Finance

Data Science and Data Analytics Electives

- Big Data Analytics and Data Science for Power Utility
- Data Science Tools
- Data Analytics for Power Loss Management

Cyber Security and Cloud Electives

- Cyber Laws, Regulation & Audit
- Malware Analysis and Incident Response
- Vulnerability Assessment and Penetration Testing

Compulsory Major Project

Over last two decades has NPTI played a critical role in bridging skill gap and helped with professionals who brought with them sharp commercial aptitude, deep understanding of regulatory landscape and a positive attitude to be part on reform process. It's heartening that alumni of the management program are occupying senior level positions across institutions and functions. Equally remarkable has been entrepreneurial foray to some.

I have had the privilege of being part of program and am proud to say that NPTI has played a critical role in shaping my professional life and blessed me friends for life.

Mr. Praveen Golash | Batch of 2006

Associate Director | Boston Consulting Group (BCG)

NPTI Alumni Association

A Global Network of NPTI Alumni

At NPTI, we don't just educate; we create leaders who drive the energy sector forward. Our robust alumni network, spanning **1000+** accomplished professionals, is a testament to our commitment to excellence and industry relevance.

Global Footprint

Our alumni are making a mark across the globe, holding key positions in top organizations within the energy, infrastructure, and management sectors. From leading power corporations to renewable energy startups, their contributions are shaping a sustainable future.

Corporate Excellence

With a strong presence in Fortune 500 companies, PSUs, and private firms, NPTI graduates bring unmatched expertise and innovative perspectives to address the world's evolving energy needs.

Industry Connections

Our alumni network fosters invaluable industry linkages, providing current students with mentorship opportunities, career guidance, and a gateway to top-tier placements.

Why It Matters

When you choose NPTI, you join a legacy of professionals whose expertise is recognized and respected worldwide. Our alumni's success stories are a reflection of the cutting-edge knowledge and practical training they received during their time here.

Powering Success: Inspiring Stories of our Alumni

NPTI has occupied a unique position on capacity building for power & renewable sector. A sector that is undergoing a transition, there is a need to focus on developing management professionals for the power and renewables industry. NPTI has been there and done that for years for the industry. As an alumnus of the MBA program, I can proudly say that NPTI and Ministry of Power are putting their efforts to prepare management professionals for the future. As we witness energy transition, the challenges for industry are multi fold.

This program will certainly help your organization embrace energy transition and discover opportunities by investing in the talent. I have interacted with the current batch and very excited to exchange thoughts and ideas with the young minds. Wishing them all the best for placement season and exciting times ahead!

Mr. Sandeep Narang | Batch of 2006

Partner | EY

After completing my MBA from NPTI, my career began in Power Sector consulting. Throughout my journey of 18 years in consulting, I have firmly believed that there is no shortcut to success and that learning is a lifelong process with no age limit. As a proud alumna of NPTI Faridabad, I am delighted to share my reflections on our recent reunion and the cherished memories we created during our time together. Those two years of MBA were more than just an academics pursuit – they were period of immense learning, personal growth, and lasting friendships. The "समागम" Alumni Meet held in September 2025 was more than just a reunion; it was a journey down memory lane, a celebration of friendship, and a heartfelt reaffirmation of the bonds forged during our college years. As we look ahead, let us continue to uphold the values of excellence, integrity, and service instilled in us by NPTI, and strive to make meaningful contributions to the world around us.

Ankur Satija | Batch of 2008

Associate Director | Deloitte

I am proud to be an alumnus of NPTI-Faridabad, which played a pivotal role in shaping my academic foundation and professional outlook. The rigorous curriculum, dedicated faculty, and emphasis on ethics and innovation prepared me well for real-world challenges. The exposure and values I gained here continue to guide my professional journey. I remain deeply grateful to my alma mater for its lasting impact on my career and personal growth.

The program at NPTI-Faridabad not only adds value but is also truly instrumental in positioning its footprints across the power sector value chain. Wishing everyone a great time ahead and becoming future ready.

Pulak Srivastava | Batch of 2009

General Manager | Avaada Group

During my time in NPTI, I was fortunate to gain a strong foundation in both the technical & managerial aspects of the power industry. The rigorous course work, combined with hands-on projects and internships allowed me to apply theoretical knowledge in real world practicality. NPTI helped me to build networking with industry professionals which opened doors to invaluable opportunities.

Overall, NPTI not only equipped me with the necessary skills but also instilled a confidence that has been instrumental in carving out my place in the Power industry.

Ms. Toshi Gupta | Batch of 2014

Senior Consultant | KPMG

Admission Details

Eligibility Criteria

- All candidates (excluding sponsored candidates) must have valid CAT/GMAT/CUET/XAT/CMAT/MAT/NPTI Admission Test (NAT) score card.
- The candidate must have throughout 60% or above marks (or an equivalent CGPA) in Engineering, 10th & 12th / Diploma from any recognized board or university.

Fee Structure *

A. Tuition Fee	Rs. 9.96 lac (Rs. 2,49,000 per semester)
B. Other Charges	
Student welfare Activities	Rs. 2,500 x 2 = 5,000/- for 2 years
Security Deposit (Refundable)	Rs. 6,000 (one time)
Alumni Association	Rs. 1,500 (one time)
University Registration Charges**	Rs. 4,140 (RR) + Rs. 2,790(CR)
University Examination Fees**	Rs. 1,500 x 4 = 6,000/- for 2 years
C. Hostel Charges⁺	
Hostel Rent**	Rs 1,60,480 (for two years) (Rs. 80,240/- per year = 68,000/- + 18% GST = 12,240/-)
Mess Charges**	Rs 85,400/- (for two years including 5% GST)
	Total = Rs. 12,67,310/-

#- Mess is compulsory for those who want to avail hostel facilities.

*Subject to change as per latest order/circular

Note: Hostel accommodation at NPTI will be provided on a **first-come, first-served** basis.

Financial Aid/Scholarship Scheme

IIT/NIT Alumni	25%
NPTI Permanent Employees (Family Members)	10%
Female Student	10%
NPTI B.Tech/PGDC Student	10%

*(Candidate can avail any one scholarship whichever is higher)

Merit is the only criteria to get admission in MBA at NPTI

Criteria for Non-Sponsored candidate:

- I. Marks of the total scores obtained by the candidates in CAT/GMAT/CUET/XAT/CMAT/MAT or NPTI Admission Test (NAT) Exam (70 percent)
- II. Marks obtained by the candidates in Group Discussion (20 marks)
- III. Marks obtained by the candidates in Personal Interview (10 marks)

Criteria for Sponsored candidate:

- I. 60% of the total marks obtained in graduation (Engineering Discipline).
- II. Out of 20 marks obtained in Group Discussion
- III. Out of 10 marks obtained in Personal Interview
- IV. Out of 10 marks weightage for experience categories mentioned:
 - Up to 5 years of work experience 5 Marks
 - Above 5 years & up to 8 years of work experience 6 Marks
 - Above 8 years & up to 10 years of work experience 8 Marks
 - Above 10 years of work experience 10 Marks
- V. Sponsored candidate must submit the sponsorship letter of their organization at the time of admission to the course.

The final Merit List prepared as per the above-mentioned criteria, by the Counselling Board will be displayed on the Notice Board of NPTI and can also be seen on the website: www.npti.gov.in

All the candidates are required to attend Group Discussion/Personal Interview or Counselling as per schedule available on the NPTI website www.npti.gov.in and no separate communication will be sent for this purpose.

Intake

The reservation of seats is as per the Reservation Policy of the Central Government and is subject to any change/amendment by the Central Govt. from time to time. EWS (Economically Weaker Section) reservation will be done as per Government of India norms. In case of vacant seats in any category, it will be converted to the open category.

Non - Sponsored Seats					Sponsored Seats
General	SC	ST	OBC/NCL	EWS	
42	16	08	28	11	15

Admission Timeline

Last date to fill up the Form with CAT/GMAT/CUET/XAT/CMAT/MAT/NPTI Admission Test (NAT) score: **26th February, 2026**

After NPTI Admission Test (NAT) examination, Candidates will be invited for the GD–PI rounds (if shortlisted)

How to Apply?

Interested candidates are required to fill the Application Form.

Payment Process

Step 1: Select Category > Educational Institutions

> Select National Power Training Institute

Step 2: Enter Payment Details > Payment Category

> Select MBA Application Fee

Step 3: Fill your details and verify your payment details

Step 4: Select your preferable mode of payment > Complete Payment

> Print Receipt

Note For The Candidates

- In case a selected candidate is asked to withdraw from the program for any reasons, his/her tuition fee will not be refunded except for the refundable deposit. All disputes will be settled in Faridabad court.
- In case a selected candidate withdraws admission before subsequent Counselling/start of the course, his/her Course fee can be refunded after deducting an amount of Rs. 2500/- No refund will be allowed after the start of the course.
- Reservation of seats shall be as per the norms of Central Government. Seats falling vacant in a particular category shall be allocated to the other categories subject to the eligibility conditions and reservation norms as prevalent from time to time, as per the approval of the Competent Authority.
- In case the seats from Sponsored Category remain vacant the same will be thrown open to Non-sponsored category.
- Candidates reporting for Counselling and whose results have not been declared will be provisionally admitted to the program However, they have to positively submit their Original Detailed Mark sheets of all Semesters/year, otherwise their admission will be cancelled.
- All the candidates are advised to bring with them two sets of attested Photocopies of all required Certificates / Testimonials along with the Original Certificates at the time of counselling failing which their candidature will be cancelled.
- All the candidates are also advised to bring the Original Migration Certificate at the time of joining the program.
- Students who do not attend the first counselling are also eligible to attend subsequent Counselling schedules in the event such Counselling's are held due to arising vacancies. However, seats shall be offered in merit order.
- All candidates (excluding sponsored category) are requested to bring their original score card of CAT/GMAT/CUET/XAT/CMAT/MAT (Not needed for NPTI Admission Test (NAT) qualified applicants).
- Wherever explicit information concerning the Management Program has not been incorporated by the institute or the rules are silent, the rules and regulations framed by the University shall be applicable there.
- All Instructions/ Notifications or any further information to the candidates regarding MBA Admissions shall be displayed on NPTI website.
- All dates indicated are tentative. Any change in the schedule of any activity will be displayed on website only. All candidates are advised to check our website regularly for new updates. No individual communication will be entertained.
- If two or more candidates secure identical marks in the merit, their relative merit will be determined by the marks obtained by them in the qualifying or equivalent examination. In case the marks in the qualifying or equivalent examination are also identical, the candidate senior in age will be preferred.

Annexure

Documents to be produced in Original and one set of attested photocopies at the time of Counselling

(A) For Non-Sponsored Candidates

1. Self-Attested copy of CAT/GMAT/CUET/XAT/CMAT/MAT (Not required for NPTI Admission Test (NAT) qualified applicants).
2. Qualifying Degree/ Provisional Degree certificate issued by the University
3. All semester/year mark sheets of graduation issued by the University. In case of final year appearing candidates:
 - If final year mark sheet issued by University is not available then internet downloaded copy certified by Principal/HOD of the college is acceptable.
 - Final year Mark sheet may be submitted on the date of commencement of the program (60% and above marks is required to get admission in the program).
4. Disability certificate issued by competent authority for Physically Challenged candidates.
5. Caste certificate (ST/SC/OBC) and non-creamy layer for OBC candidates.
6. EWS certificate for Economically Weaker Section candidates.
7. In-case of candidates of OBC non creamy layer, the Valid Certificate must have been issued by the concerned authority.
8. 10th and 12th Mark sheets & Certificates.
9. Photo ID proof issued by Govt.
10. Two latest passport size photos (with name on the back side of the photograph).
11. Original Gap Year Affidavit (if applicable, Format attached)
12. Original Physical/Medical Fitness Certificate (if applicable, Format attached)
13. Candidates seeking admission to MBA courses are required to have their APAAR ID.
<https://apaar.education.gov.in/>
14. Original Migration Certificate (Online/DigiLocker issued migration certificate along with requisite affidavit as per attached format) from the last attending Board/University.
15. As per the guidelines of AICTE issued vide F.No. 1-104/AICTE/PRC/Anti ragging/2021 dated 22.11.2021, the candidates have to fill online Anti Ragging Undertaking at either of the two designated websites namely www.antiragging.in and www.amanmovement.org and must have its Reference Number at the time of document verification.

(B) For Sponsored Candidates

1. Qualifying Degree/Provisional Degree certificate issued by the University
2. All semester/year mark sheets of graduation issued by University
3. Caste certificate (ST/SC/OBC) and non-creamy layer for OBC candidates. In case of candidates of OBC non creamy layer, the valid certificate must have been issued by the concerned authority.
4. 10th and 12th Mark sheets & Certificates.
5. Photo ID proof issued by Indian Government Authorities
6. Sponsorship letter on organization letter head.
7. Two latest passport size photos (with name on the backside of the photograph).

Anti Ragging Undertaking

As per the guidelines of AICTE issued vide F.No.1-104/AICTE/PGRC/Anti ragging/2021 dated 22nd November, 2021, the candidates have to fill online Anti Ragging Undertaking prior to filling the admission form at either of the two designated websites namely www.antiragging.in and www.amanmovement.org and must fill its Reference Number in the admission form.
